Computer Cat

I was using my computer the other day.
 I was using my computer in the usual way,
 With my hand on the mouse and the mouse on the pad;
 Then something happened, something that was really bad.

Chorus:

**My cat ate the mouse,
 but it's more complicated than that.
 Now I can't use my mouse, unless I also use my cat.
 Now when we want to play computer games
 it's different at our house.
 We all use a cat, where ordinary people use a mouse.**

I must call, "Kitty, Kitty" and hope she will come,
 And using my computer is no longer fun.
 It is hard to get Kitty to lie down and rest
 And it is harder still to push the cat around on the desk.

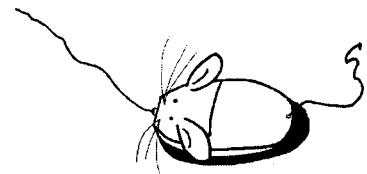

Chorus

It is highly inconvenient for us and for her,
 And it's difficult to point and click through all of that fur.
 All the same I must say how thankful I am
 That she didn't try for bigger prey and swallow the 'RAM'!

**My cat ate the mouse,
 but it's more complicated than that.
 Now I can't use my mouse, unless I also use my cat.
 Now when we want to play computer games
 it's different at our house.
 We all use a cat, we all use a cat, we all use a cat,
 Where ordinary people use a mouse.**
